# From Local Foundations to Global Ambitions: 19 Years of Building with Purpose and Performance

Founded in 2006, Inamstro is a trusted name in the construction industry, recognised for delivering high-quality residential, commercial, and industrial projects. With nearly two decades of experience, we have built a reputation based on precision, innovation, and long-term vision.

Areas of expertise:

Residential developments

Commercial buildings

Industrial structures

Markets we operate in:

Moldova  
(HQ: Chisinau)

Romania

Germany

Russia

Kazakhstan

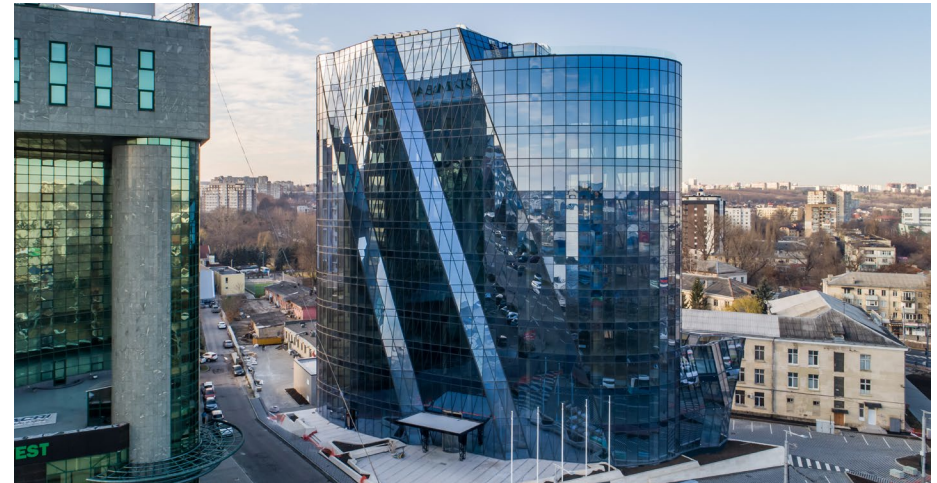

## Key milestones from 2006 to today

A glimpse into our  
most representative  
developments

# Infinity Tower

**Central Location:**

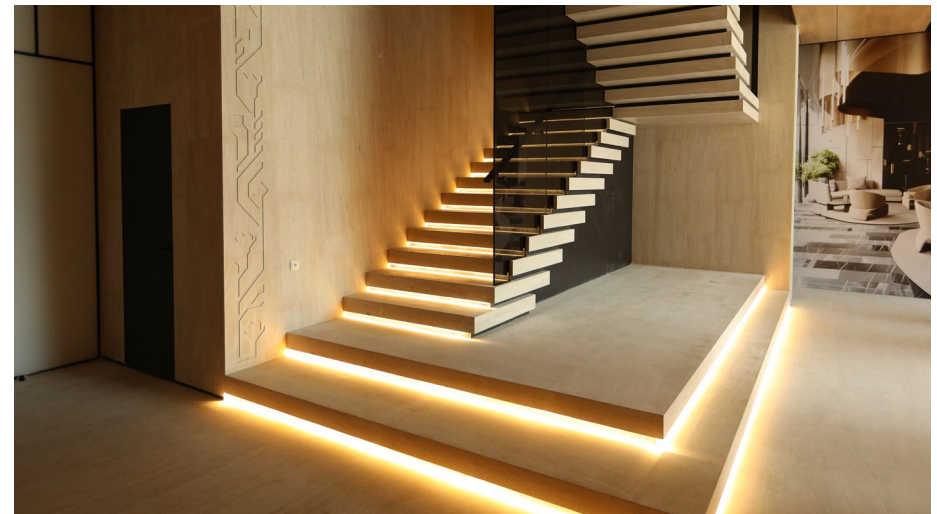

Positioned on Stefan cel Mare Blvd., offering quick access to key city landmarks;

**Modern Design:**

Contemporary architecture with premium finishes for an elevated lifestyle;

**Premium Facilities:**

Underground parking, modern elevators, and retail space on the ground floor.

# Eminescu Offices

**Exclusive Address:**

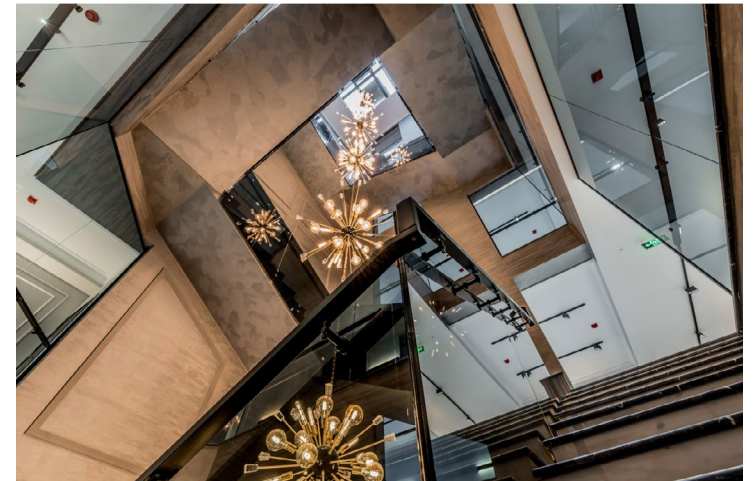

Located in the heart of Chisinau, close to cultural and academic hubs;

**Superior Quality:**

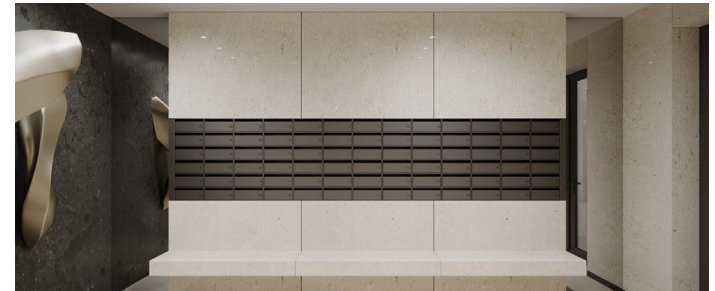

Built with durable materials and refined interior finishes;

**Great Accessibility:**

Well-connected to major public transport and city arteries.

# Nobel Art Apartments

**Art-Inspired Living:**

Refined design concept that blends aesthetics with comfort;

**Smart Comfort:**

Equipped with modern systems for enhanced day-to-day living;

**Urban Lifestyle:**

Located near key commercial and entertainment areas.

# Helios Residence

**Prime Location:**

Situated in the exclusive Pipera district, offering quick access to key city landmarks and essential amenities;

**Smart & Sustainable Living:**

Equipped with underfloor heating, individual heat pumps, and advanced thermal and acoustic insulation;

**Modern Design:**

Contemporary architecture with ample natural light, commercial spaces on the ground floor, and green areas for families.

# Carpathia Brasov

**Mountain Views:**

Exceptional natural scenery with panoramic views of the Carpathians;

**Integrated Concept:**

Residential units, office spaces, and shops in one smart ecosystem;

**Modern Infrastructure:**

Two-level underground parking and intelligent building solutions.

## Mittelstrasse Residenz

**Strategic Location:**

Situated near the historic center of Nauen, offering quick access to city landmarks and key infrastructure;

**Smart Layouts:**

A wide range of apartment types with optimized floorplans and functional design;

**Comfort-Oriented Facilities:**

Private courtyards, landscapes, parking spaces, and designated relaxation zones.

# Azimut Copou

**Prestigious Area:**

Located in Copou, near the Botanical Garden and Copou Park;

**Ideal for Families & Students:**

Proximity to top universities and green spaces;

**Tranquil Environment:**

Quiet surroundings with easy access to the city center.

# Ginta Latina

**Contemporary Architecture:**

Clean lines, modern volumes, and premium façade design;

**Urban Harmony:**

Includes apartments, office floors, shops, and 3-level parking;

**Well-Connected:**

Located in Ciocana district, close to shopping, schools, and transport.

# Built on reliability. Powered by control.

Our vertically integrated model ensures full control over every stage of development — from concept to completion.

## In-House Architecture & Engineering

Our multidisciplinary team handles design, planning, and project supervision.

## Own Logistics Fleet

We manage all deliveries internally to ensure efficiency and flexibility.

## In-House Material Production

We manufacture ceramic blocks and dry mortars to maintain consistency and reduce lead times.

## Secure Resource Access

Direct control over sand and stone quarries guarantees material availability and cost stability.

## Measurable success. Proven impact.

Our results speak to a legacy of trust, performance, and growth across multiple markets.

500,000+ m<sup>2</sup>

delivered across residential, commercial, and industrial developments

50+

completed projects built to high-quality standards

Ongoing  
expansion

in high-potential markets across Europe and beyond

# Shape the future with us. Invest in Meaningful Growth.

We offer more than projects — we offer partnerships rooted in trust, performance, and long-term value:

Joint ventures in residential, commercial & mixed-use developments

Strategic land or project acquisition opportunities

Co-financing options tailored to growth

Collaborations in retail, office, and mixed-use spaces

Transparent partnership model, from planning to delivery

Dedicated investor relations team to support you at every stage

# Driven by Vision. Defined by Values.

We don't just build properties — we build long-term value. Every project we develop reflects our commitment to excellence, responsibility, and forward-thinking design. These principles guide every decision we make and every structure we deliver.

## Quality

We deliver at the highest standards — from materials to execution — ensuring durability, safety, and elegance in every project.

## Longevity

We build with the future in mind. Our developments are designed to stand the test of time, offering lasting value for residents, businesses, and investors alike.

## Aesthetics

Our architectural vision combines functionality with refined design. We create spaces that are not only efficient, but also inspiring and visually distinctive.

## Sustainability

We prioritize eco-conscious construction methods, smart energy use, and integration with the natural and urban landscape — because building for today means caring for tomorrow.

## Transparency

We believe in trust and clarity. That's why we maintain open communication with partners and investors, providing full visibility throughout every phase of development.

# Let's build something lasting — together.

Join Inamstro's network of partners and shape the future of real estate investment.
